About Farming and Agriculture

A Young Shepherd by Cat Urbigit

Cass is a young shepherd who works on his family's sheep farm. He makes sure the sheep get the attention they need to grow healthy and strong. The text showcases that raising sheep is hard work and Cass works hard to give them the attention and care that they will need. This book is recommended because it is a solid depiction of raising orphaned lambs and integrating them into a sheep herd. It also showcases how Cass keeps good records of his animals and shows them at the county fair. There are many other children throughout the West and Midwest who would also have similar small businesses. An excellent way to show kids the economics of agriculture.

Life on a Pig Farm By Judy Wolfman, David Lorenz Winston

Life on a Cattle Farm By Judy Wolfman, David Lorenz Winston

Life on a Crop Farm By Judy Wolfman, David Lorenz Winston

Discover what life is like on five different types of farms. Written from the perspective of young people, this series describes the experiences found living, working, and playing on a farm. So head out to the farm to understand how animals and plants grow, and how farm kids help make it all happen.
