

DATE: 6-18-14
MEETING OF: 6-24-14
FROM: Manager Dave Kegebein
RE: Organizational Chart

BACKGROUND:

Last week CDFA requested an updated organizational chart from all DAA's. These updated charts will no longer include any temporary employees or positions. The chart currently on file with CDFA includes a vacant maintenance position (formerly occupied by Arelio who left last month). Management proposes approval of a new chart that eliminates the maintenance position. When the cash flow / financial position improves permanent positions can be added back to our operation.

FISCAL IMPACT: The position being reduced was costing approximately \$63,000 per year.

STAFF RECOMMENDATION: Approve proposed new Organizational Chart.
