From: Senior / Haywood L. Holst

I enjoyed the Tue. "Senior Day" entertainment The South Bay Swing Band and the ice cream social.

Both were a fair success.

I was disappointed the Antsy McClain and KPIG Radio are not present.

I hope you can book the band next year. Kpig radio listeners

have supported Antsy McClain & The Trailer Park Troubadours for many years and may only come on thro.

I like Tsunami and have seen them for free at Capitola Twilight Concerts. Thank you for bringing great entertainment

Thank you, Haywood L. Holst

Attn: Fair Manager Dave Kegebein

Dear Dave,

I want to offer on behalf of Cabrillo Host Lions Club a hearty thank you for the opportunity to serve our community through the act of giving free health screenings at the fair this year! Without your support and generous placement and reduced fee schedule of our AJ Robinson Health Unit, I doubt we could have served so many in such a small amount of time.

We performed health screenings on over 100 fairgoers. We performed blood pressure, body mass index, diabetes screening, and eye exams using the high tech Spot Vision screening camera. We did find 2 fairgoers with very high blood pressure and another with very high blood sugar, indicating the need to see a doctor at once for a complete diabetes workup.

But there were two instances which cemented our belief in this program. One was a 3 year old child who's parent was tested, and decided to test her young daughter as well. The mother was one of the travelling workers with the fair, and we discovered her daughter had very, very poor eyesight which we discovered only through the use of the Spot Vision Camera. The report was for an immediate referral to an ophthalmologist. Her mother had no idea her daughter's vision was so bad.

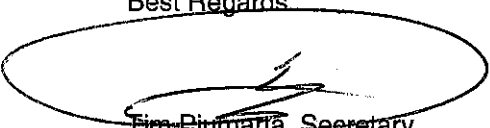

The other story was of a 75 year old Ukrainian woman who came in with her 40 year old daughter to be screened. When we got to the eye exam, I was performing the test and found that the camera would simply not work. The woman's right eye could not reflect. It was in essence, dead. The woman had limited English skill, but she was able to say "macular". The daughter also volunteered cataract. So that was why I could not get a reading of her eye - Macular degeneration and a cataract.....

Now here was the take home, for the woman's daughter said "but mother has no insurance and can't afford to see a doctor"..... And THAT's when Lions snapped into action. We immediately took down her information, and learned she lived in the city of Santa Cruz. We filled out a grant request, and because this year's effort was spread between Cabrillo of Aptos, Freedom Lions and Santa Cruz Lions, we handed the financial aide request to Lion Gary Perkins of Santa Cruz Lions, who would then arrange a free doctor's visit for this woman. Just like that. Just by walking up to the Lions Health Screening mobile unit, and asking for help. And one other thing about Lions in California - the Lions Eye Foundation located in San Francisco - where if this woman needs surgery - Lions will do it for free.

Dave, you can't imagine how we felt that day. Between the 3 year old child and the 75 year old woman, Lions were riding pretty high. When I asked the group if they thought it would be a good idea to try again next year, you can imagine the answer, 100% affirmative.

Cabrillo Lions wishes to thank the board and the fair management for helping us with this great opportunity to serve. We hope we could do so next year.

Best Regards

Loretta Estrada
Director, Santa Cruz County Fair
2601 East Lake Ave.
Watsonville, CA 95076

Ms. Estrada,

My wife and I attended the opening day of the fair this week. We appreciate the senior admission and especially enjoyed the bird show and the old red caboose with its knowledgeable docent. That said, some other experiences were not so great.

I think your necessity to "wand" seniors is rude and intrusive. I know that there was some trouble years ago with youthful troublemakers but do you really need to humiliate us arthritic patrons, especially those in wheelchairs and rollators? I suspect that don't have to endure this treatment, do you?

Why do you even have such forbidding gate security? There must be other entry points, and the porous fence, for someone intending mayhem. If you respond to me, you'll probably say something like "we have to protect all of our fairgoers" but I still think your rent-a-cops with their wands shoved up our asses really ruins the fair experience. If you must, search the gangbangers on weekend nights.

Regarding real security, why don't you forbid the monster pickup trucks hauling horse trailers on the walking paths when the fair is open? It's real tough when these vehicles take up the entire walkway.

Also, did you see the chaos after the opening ceremony? There were two indistinct lines for ticket purchasers and ticket holders. It was real nice to wait in the sun for 30 minutes only to be wanded. There was a very elderly man next to me trembling in the heat, I hope he was alright.

There's more. My wife purchased a bag for \$4 from the kiosk near the info center. When we got home she discovered the sewn seam opened and she lost her fair literature. The label said "made in China". Fine quality, it was. May we please have a refund?

You need to respect your fair patrons, especially us seniors. I want to hear your answers about these things if my wife and I are ever attend again. Thank you.

Sincerely,

Ken Beck

Dear Mr. Beck:

Thank you for your recent correspondence regarding your experiences during the Santa Cruz County Fair.

In your letter you discussed the security measures that were in place during your visit. As you may know, these procedures are in place to help ensure the safety of our fairgoers. That being said, I can understand the reason for your displeasure with the use of the "wand" on the seniors attending the fair on opening day. When management became aware of the delays caused by the security screening, security personnel were instructed to allow those in line on senior day to enter without having to wait in line for the screening. We will be better prepared next year.

Regarding the trucks and trailers on the "walking paths," we make every attempt to limit all vehicle traffic on the grounds while the fair is open. However, we are not able to ban vehicles on the grounds entirely. Those who are competing in the horseshows for example, are allowed to leave once their event has concluded. Their access is limited to the road leading to the horseshow gate, which is located at the far end of the grounds.

With respect to the defective bag you received, please find enclosed a refund in the amount of \$4.00 for the bag that was purchased. We regret that the bag you received was defective and would like to provide you with a replacement bag, in addition to your refund.

Given the number of people who attend the fair on a daily basis, coupled with the responsibilities that we have to help ensure a safe and successful fair, it is quite easy to miss those areas that are in need of improvement. Fair patrons such as yourself provide us with invaluable feedback and suggestions which in turn helps us to do a better job.

Again, thank you for taking the time to contact us.

Sincerely,

DAVE KEGEBEIN

This message is for Ron, not sure if you have my email, but would like to participate in the Xmas craft fair. Please email the information. Thank You.

I was working in the rose garden yesterday. I arrived @ 10:45am, left @ 12:50 pm. The watering was going on before I arrived and still going when I left. Yes, you have a well, but the water in the well is coming from the same source as all our water. Please be aware of how long the water runs. Maybe put the system on a timer.
 Sincerely,
 Sally Johnson-Putica
Publicity this year was horrible! This is the first year in 20 years we missed the fair. We had no idea it was running until it was over. My KIDS didn't even know. They asked me last night when it was, so advertising on television was lack luster.

We completely forgot about picking up our sons, Sean and Evan Byram, lego exhibit. Is there any chance of retrieving it at this point. If so, how and when. Sorry for the inconvenience.

 Robert Byram

Hi, I didn't realize that pickup for photos was on sept 15. Can I come get the photos I entered today? Are they in the office? thanks -alix

Hi,
 I entered some photos in the photography competition at the fair. I cannot find when I need to pick them up anywhere on the fair website. What day do people come to reclaim entries?

Is there ANY way we can still get them? They are the only Lego people my daughter has - they are VERY important to her. PLEASE!!! Sophia Gambrel, section 3, original creation titled "Legoland Horse Show". She won a first prize ribbon.

I was disappointed that they only let kids on rides if they had a partner. We have an only child and was difficult to find partners. If this is a new rule we will not be returning next year. Extremely disappointed as we have NEVER had this happen at any other fairs.

Since today is your last day I was wondering what time the rides close?

Where are the sea lions, we come every year just for them!

I was playing the ping pong ball in glass container game where the object is to throw the ping pong ball into a blue, red, or yellow dish to win a prize. On the rules board, it stated that a ball in the red wins a small prize, a red was a medium prize and the yellow was a large prize. NO mention of having to get the yellow cup TWICE!! As I was playing, a total of about 40.00, I got the yellow dish! THEN I was told that I had to get it in TWICE! I asked to speak to a manager, some little runt of a person, who stated that I did indeed have to get the yellow TWICE. I pointed out that this was NOT stated in the rules to which his reply was, "well now you know". I was furious and he is lucky that I was able to restrain myself especially after he slapped me on the back to accompany his comment. This is just to inform you that I might be out the 40.00 playing the game, BUT you are out at least 500.00 as I have told all my friends and family who were planning on attended NOT to go, and instead we will be enjoying ourselves at a truly professional event at The Santa Cruz Beach boardwalk! I know this means nothing to the "carney" stooge that you people have working at this event. As a 15 year Law Enforcement Veteran, and 52 years old...I am not some kid to be dismissed as I was by this stupid little man the type that I see everyday where I worked....and I expect nothing to be done..but I will NEVER again set foot at your cheap fair. The cost of the stuffed animal is nothing compared to the loss of revenue this one person cost you.

I just spent \$80 for a stuffed animal. The person running the game kept giving us darts. At first we thought he was being nice so my nephews could get the next size up. He gave them some darts and they popped them. Then said \$30, we were shocked but did not want to confront him. He played on the fact that my nephews and my Mother were there having fun. He handed my nephew another dart and said pop one more and you get the next level. He missed and he handed me some darts. I thought he was being nice and then he said \$40. Long story short I should have known better. But the Operator of the game definitely took advantage of the situation. And will never be playing the dart game again

Please let me know who to contact to gain permission to metal detect the fair grounds. I am not interested in hunting historical sites. Any potential relics would be returned to the Fair. Any garbage is properly discarded and I return property as close to its original condition as possible.

 Thank you,

 David

Hello, tonight my son almost fell through the big purple climbing ride. He was crossing the second bridge and sold through. Luckily his foot got stuck so he didn't fall all the way through. He's just over 36" and two years old. It was terrifying.

 Two things:

 1. Please please please inspect this ride so no one else gets hurt. At your own risk is a liability waiver not a responsibility waiver.

 2. The man working the ride, he had tattoos on his arms and hurt his wrist, jumped over the rail and scaled the side of the ride up to the top to rescue my son, he is definitely a hero and I should have thanked him more but was quite shocked by the whole experience. I hope that you will thank him for me or provide his contact info so I can do the same.

 Thanks,

 Teresa Swart

What do I need to do in order to get press passes to cover the fair for the Hispanic Community in this area??

Can I maybe get some replacement tickets for this problem? I took my family, 4 adult tickets, there yesterday, Tuesday, opening day and most of the rides and games were closed due the setup not beginning until late Monday. Is there any way to get 4 more passes to go back later this week when everything is open? Kind of disappointing that so much was unfinished and closed with no mention of any of this anywhere when we paid to come in near the permit lot area. At a ticket booth inside the fair there was a sign that said something limited rides that day but absolutely nothing when we paid to get into the fair, I double checked.

 Thanks, Todd B.

Hello,
 Can we sign up for the hunter-jumper horse show the day of?

The \$11 tri tip sandwich at the turkey leg place was the worst food I have ever had in my life!!

Nowhere, not on your site nor OceanSpeedway's is there a schedule of races Fri, Sat and Sunday?? Please send via email and post on your Fair Schedule! Thanks! Keith keith@elecraft.com

thinking of bringing mobility limited seniors. Is the entire fair wheelchair accessible or are we limited? Thank you!

I wish I could find pricing of ride tickets or wrist bands.

IS THIS EVEN PET FRIENDLY??

Good morning,
 I am from Graniterock and we have gotten our supply of parking/vendor/exhibitor passes to pass out to our booth volunteers. What is the difference between vendor and exhibitor pass?
 Thank you

I'm trying to find out if you need to buy tickets for the Jamie Lynn Spears Concert – How do you? and Cost? If its first come first serve, what time would you get in line? Any info about the concerts would be appreciated.

Do you guys have any jobs available?

Hello, I was wondering if there was a separate ticket I needed to purchase for Jamie Lynn Spears or is it a free show with paid admission?

Hi, can you please tell me how much will tickets be at the gate? as oppose to online? thanks

Is there a fee for handicap parking?

How do we get into the early morning horse and livestock activities that occur before the fair is open?

Hi,
 I saw on the news that your Fair is just beginning. My daughter has moved to Santa Cruz for school, and before I mention the fair to her are there any cheaper days or days she may get a discount? It looks like a great fair, but it's cost is prohibitive when you are counting every penny.
 Thanks,

To Whom It May Concern,

 I am the manager of the musical group Duchicela that plays traditional and contemporary music in the style of the Andes Mountain Region of South America. More information about our group is available on our website at <http://www.duchicelas.com>

 We would like to provide entertainment at the Santa Ana Summer Festival on September 13 and 14, 2014 in exchange for being allowed to sell our CDs. During the summer months we tour throughout California playing at fairs and other events. In the past we have played at the Los Angeles County Fair, the AV Fair, the Ventura County Fair, the Kern County Fair, Knott's Berry Farm, Temecula Hot Summer Nights, and Shoreline Village's Summer Seaside Concert Series. Usually we are paid to perform, but if that's not possible we agree to perform for free if we can be placed in a prominent location and allowed to sell our CDs. We do not require a stage and we bring our own sound equipment and canopy. Could you please let me know if such an arrangement would be possible?

 Thank you for your consideration of my request. I look forward to hearing from you.

Hello, I am wondering if you will be running gymkhanas with the Watsonville Saddlites this year. I cannot seem to find the website for the Saddlites, so I am unsure if they will be hosting an event at the Santa Cruz County Fair this year. If they are running the gymkhana, may I ask where I can find the entry forms?

 Thank you!

Hi, who do I contact regarding a field trip to the fair for a Special Day Class from Bradley? Thanks!

I registered for the photo exhibit last Friday and want to make sure it went through. I did not get a confirmation email.

Thanks, Amelia

We will be attending the fair several days as our granddaughters are involved in the 4-H steer project, lamb project, horse show, auction, etc.
Are there any tickets available at a reduced price for attendance several days, rather than have to buy tickets everyday?
I would appreciate a response.

Thank you,

Good Morning ~ We usually help Julie Mable with the Shetland Pony show and show our ponies every year, and are interested in camping this year from Friday - Sunday. What is the cost, and how do we make the arrangements in advance for that?

I am trying to find out how to go about having a booth in the Holiday Craft Fair. I am not finding any info on it the the website.

I was wondering if I'm moving to Santa Cruz soon again and I was wondering if there was any job openings anywhere that you know of thank you and get back to me as soon as possible thank you very much my name is Billy Swartout.

Hey there, I just saw the Travis and Michelle Mahoney are running the hunter jumper show and as this is a very small town we know they have a lot of students. Will this be a conflict of interest in the classes? I have already noticed that they took out all the flat classes as well as stock horse

leaving virtually nothing for our English flat riders to enter in. I've attended this show for almost 20 years and I'm well aware things change and change hands but am concerned about someone local (a barn with their own children and students riding in the events) if this will be fairly judged.

Thank you.

I am a face painter and I was wondering if I can do face painting at the fair.
 My phone number is 209 509 9737
 Thank you

I've been told by a county worker that goes around finding bugs in gardens, that I should enter by tomato plant in the county fair. I was wondering how I would do that.....since it's growing in my front yard.

You kindly provided us a supply of your 'Santa Cruz County Fair & Horse Show Official Entry Guides' but we are completely out at this point. If you could spare a supply of the above mentioned guides (the more, the better), the SC Library System would appreciate it (there is heavy demand).
 Thank you.

Good afternoon. I'm trying to find the right contact to get information about being an Education Days sponsor. Triple P would like to again sponsor this aspect of the County Fair.

 Last year, Triple P was a sponsor of Education Day(s) at the fair for \$750. As part of the sponsorship Triple P had signage (one or two banners?) and was allowed to pass out literature about its programs.

 Please let me know if Triple P could again have this relationship with the Fair. Also, if you're not the correct person for me to reach out to, could you please send me the appropriate contact, including email address and phone number? Thank you!

Hi,

 How do we get ahold of department chairs? You don't provide any information on that in the entry book. I have a question on rabbits and why showmanship doesn't follow the rest of the 4-H showmanship rules in that the top 3 in a class get to advance and in rabbits it states that they don't? Most other fairs allow this just as the market animals. That doesn't seem fair to the exhibitor when all other species allow this. I ask because I'm also a rabbit showmanship judge and have done so for years and I've never come across this. Even when I used to judge your fair back in the late 90's early 2000's, we always allowed advancement. Thank you.

Hi, I tried the phone number for Cynthia that's listed in the entry guide, and it sounds like a fax number.
 Here's my question: I have two photos I'd like to enter Department 210, section 12. Both of the photos are derived from the same original. Would I need to make two copies of the original, or is one ok?
 I can be reached by email, or it's also fine to call / leave a message at my home number here in Freedom: 831-768-8501
 Thank you!
