RELEASE DATE:	ALL ENTRIES TO BE REMOVED MON., SEPT. 18, 2017, NOON – 7 PM Fair is not responsible for items left after 7 PM.
SYSTEM OF JUDGING:	Danish and American

DEPARTMENT INFORMATION:

The quality desired in agricultural and horticultural product exhibits is the quality that brings the best financial returns and such exhibits must be at least equal in maturity, etc. as that stage of ripeness required by Section 42513 of the California Agricultural Code in order to be considered for premium awards. "Mature" means having an advanced state of ripeness, which will insure the completion of the ripening process to a degree, which will insure the palatability after the removal of the product from the tree, plant or vine. "Overripe" means having an advanced state of maturity, which causes the product to be undesirable for human consumption in a fresh state.

FOR COMMERCIAL EXHIBITORS:

To provide a better display, please bring in fresh replacements for your wilted entries Friday, September 15th between 8 AM and 9 AM. A pass will be issued which will enable the exhibitor to park in the side lot before 9 AM for the replacement of wilted entries.

ORGANIC DEFINITION:

An ecological product management system that promotes and enhances biodiversity, biological cycles and soil biological activity. It is based on management practices that restore, maintain and enhance ecological harmony and on minimum use of off farm input. The principle guidelines of organic production are to use materials and practices that enhance ecological balance of natural systems and that integrate the parts of the farming system into an ecological whole.

Organic practice cannot insure that products are completely free of residues: however; methods are used to minimize pollution from air, soil and water. Organic food handlers, processors and retailers adhere to standards that maintain the integrity of organic agriculture's products.

The primary goal of organic agriculture is to optimize the health and productivity of interdependent communities of soil, life, plants, animals, and people.

Variety of products must be adequately labeled.

Special Committee Awards to Outstanding: Junior, Senior, Organic, Commercial, and Commercial Organic

SWEEPSTAKES:

There are two categories for youth to win sweepstakes in the Ag/Hort. Department. The youth with the most winning entries in Junior (Department 110) and Organic (Department 130) qualify to win. Therefore, **two plaques** will be awarded for this Department for the youth entrants. For more information refer to the 2017 State Rules for California Fairs, section IV, number 7.
